

**SIEMENS***Ingenuity for life*

Young, Vibrant, Dynamic!

Internship in Commercial Business Controller

At Siemens, we create technologies that take society further. How? Through electrification, automation and digitalization. We are changing the cities you live in, the places you work, the energy that powers your home, and the way the products you love are manufactured.

Who are we looking for?

Commercial Business Controller Intern

Scope of activities

- Internship period: September to December 2017
- To provide general assistance in Business Controller related activities and involved in any assigned projects and contract management

Qualifications

- Undergraduates (on their 7th or 8th semester) or fresh graduates students majoring in Accounting, Legal, or Economics
- Open-minded, creative, dynamic
- A good team player and able to multi-task
- Proficient in English (spoken and written)

How to apply?

Send your CV to career.id@siemens.com and write the position title in the e-mail subject
